ROOSEVELT FOR HARVEY HINMAN

Oyster Bay, N. Y., July 22.—The candidacy of former Senator Harvey D. Hinman of Binghamton for the gubernatorial nomination at the Republican primaries was endorsed tonight by Theodore Roosevelt. In a formal statement, Colonel Roosevelt called upon "all good citizens, no matter what their party affiliations," to join in support of a state ticket, "the success of which would mean the overthrow of both Mr. Barnes and Mr. Murphy." In his statement he said:

"In this campaign I have a duty to the Progressives of the nation and a duty also to the state of New York. In national politics, in so far as I am able, I shall endeavor to strive for the success of the principles embodied in the Progressive national platform. Therefore I shall oppose the policies of the present administration, which I regard as deeply injurious alike to the honor and the interest of the American people."

"But in this state the prime duty is a good citizen's movement, a union movement, to save the state from the bi-partisan control of Messrs. Barnes and Murphy, precisely like the good citizen's movement last year, when by union the city of New York was saved from the domination of Mr. Murphy. I hope with all my heart that all independent citizens, whether Progressives, Republicans or Democrats in their national affiliation, will stand shoulder to shoulder for clean non-partisan government in the state at large this fall."

"In New York state we are at its worst the development of the system of bi-partisan boss rule. The outcome of this system is necessarily that invisible government which the Progressive party was in large part founded to oppose. It is impossible to secure the economic, social and industrial reforms to which we are pledged until this invisible government of the party bosses, working through the alliance between crooked business and crooked politics, is rooted out of our governmental system."

New York, July 22.—Chairman Wm. Barnes of the Republican state committee today made the following statement regarding former Senator Harvey D. Hinman's announcement of his candidacy for the nomination for governor at the Republican primaries:

"No question which the enrolled Republicans of this state must determine on September 28 is whether they are to select the Republican candidates for the various offices to be filled or whether they are to permit Mr. Roosevelt to select them. This is the real boss issue."

GRAIN DEALERS DENY CHARGES

Washington, July 22.—Investigation of an alleged conspiracy among dealers and exporters of wheat at Kansas City, Mo., has resulted in a resolution by Representative Doolittle of Kansas, favorably reported today by the Interstate Commerce committee. Secretary Redfield of the department of commerce, assured Mr. Doolittle he would at once send two inspectors to Kansas to investigate and report.

Mr. Doolittle told the house that for a wheat crop of 180,000,000 bushels producers were getting sixty-three cents at loading elevators in Kansas while large quantities were being sold for export at Kansas City, Mo., at as high as 85 cents.

Kansas City, Mo., July 22.—Questioned regarding the resolution by Representative Doolittle of Kansas, which provides for an investigation of an alleged conspiracy among dealers and exporters of wheat here to depress the prices to farmers, A. L. Ernest president of the Kansas City Board of Trade, and other local grain dealers today denied the charges contained in the resolution and asserted that the competition on the local market this season was the keenest ever experienced.

"Kansas City pays the highest price of any market in the country for grain," Mr. Ernest said. "Kansas City could not control wheat prices if it would. The price of 85 cents given to the farmers at loading elevators in Kansas, mentioned by Mr. Doolittle, was the low market price. This has increased since his investigation. Further, the 85 cents price mentioned by him was not the price of the wheat here but the price delivered at a seaport town, ready for export."

REPAIR THE ROAD TO VERA CRUZ

Mexico City, July 22.—General Antonio Rojas, a former revolutionary leader, who later became a federal chief, revolted today with 200 of the federal troops at Tacubaya, a suburb. A detachment of the Nineteenth regiment, sent in pursuit, routed Rojas and his men in the Santa Fe hills. Fifty of the mutineers were captured and brought here tonight under heavy guard. General Rojas and Col. Alatriate, with about 100 men, escaped and are closely followed by the government troops.

The officials of the Mexican railway announced tonight that the gap in the railway line outside Vera Cruz had been repaired and that an ordinary passenger train leaving here at 7 o'clock tomorrow morning would make the trip direct to Vera Cruz, arriving at that port tomorrow night. This will be the first train from the capital to Vera Cruz since April 20th.

There was no alarm here today regarding an attack on the capital by

Emiliano Zapata. Late this afternoon federal troops were holding Xochimilco, a suburb with a slight chance of the village being taken. The followers of Zapata had failed to advance and the garrison at Xochimilco had been greatly strengthened. It now numbers over 300 men.

During the three days' fighting Zapata's men have been unable to advance from their original positions in the foothills of the Ajusco mountains. While Tlaxpam is menaced, it is not believed it can be captured by Zapata and there is no fear regarding San Angel, which would be more difficult to take, owing to its commanding position.

The arrival of federal troops in the city is allaying the fears of the people. Eight trains loaded with troops arrived here from Queretaro. The government expects to bring in about 40,000 soldiers inside of the next twenty-four hours. War Minister Velasco declined to state the reasons for this concentration.

Leo C. Frisbie, an American owner of the Atlitx sugar plantation in the state of Guerrero, today appealed to the Brazilian minister to make strong representations to the Washington government regarding the action of the Constitutionalists who seized his plantation three months ago and are operating the property for their benefit.

HEAT REACHES HIGH MARK

Chicago, July 22.—The thermometer here registered 95 degrees shortly after 1 o'clock this afternoon, the highest for July, but there were no deaths reported.

At 2:30 p. m. the temperature had risen to 97 degrees. High marks were reported from many places in Iowa and Illinois. At Ottumwa, Ia., the mercury reached 94; at Davenport, 92; Burlington, 95; Bloomington, Ill., reported 97 degrees; Decatur 99 and Danville 96.

FOLKMAN FUNERAL IN THE FOURTH WARD

The funeral of Christopher Angus Folkman was held in the Fourth ward meeting house yesterday afternoon. The meeting house was crowded to its capacity with sorrowing relatives and friends of the deceased and the front of the bier and pulpit platform was hidden with a wealth of floral offerings.

The service was conducted by Bishop E. A. Olsen and the special musical numbers were as follows: "Lead Kindly Light" and "The Vacant Chair." Charles Blair and Bert Syphers of the Owls Lodge; "Thy Will Be Done," Walter Stephens; "O Love Divine," Mrs. Stella Wright Olson; "Jesus is Calling," Miss Lona Ipsen; "All Thro' the Night," Robert Binney. The principal speakers were Bishop W. L. Stewart, Apostle David O. McKay, P. M. Folkman and Bishop Olsen. A letter of eulogizing the life of the deceased and of condolence to the relatives from the representatives of the Mountain States Telephone & Telegraph company at Provo, was read by Ralph Jones; a similar letter from Judge J. F. Chidester of Richfield was read and Harold Smoot of the local staff of the Mountain States Telephone & Telegraph company, read a similar communication from his fellow employees.

The pall bearers were two representatives each of the Order of Owls, the Eagles' lodge and the Mountain States Telephone & Telegraph company. The interment was made in the City cemetery, the grave being dedicated by Thomas D. Brown.

OWLS TO HAVE AN OUTING JULY 25

The local Owls lodge will have its annual summer outing at the Hermitage on Saturday, July 25, and the committee gives assurance of having prepared a fine program of entertainment. The program will consist of a wide variety of field sports and novelty contests, a number of the latter being entirely new.

The evening will be passed in dancing and the lodge members expect to turn out en masse, with their families and friends to properly enjoy the whole affair. The arrangements committee consists of Harold L. Lubeck, W. D. Watson and J. S. Lewis.

GENERALS MAY BOARD CRUISER

On Board U. S. S. California, Mazatlan, Mex., July 22.—(By Wireless to San Diego, Cal.)—On the arrival of the flagship California here today approaches were received from both the federal and Constitutional camps indicating that the generals on both sides would be glad to meet on board the flagship, or some other foreign cruiser, to arrange an armistice during a possible evacuation of the city by the federals.

Such a meeting would be thoroughly in accord with the policy of Admiral Howard, who, since the fall of Huerta, has been doing everything he could to bring the warring factions together.

Six hundred troops of those who evacuated Guaymas recently are known now to have landed at Mazatlan, which would indicate a possible rear attack, in conjunction with the troops at Mazatlan, on the forces of General Obregon.

CONFERENCE IS NOT A SUCCESS

London, July 22.—At the close of a cabinet council late tonight it became known that there is only the smallest prospect of the home rule conference arriving at an agreement and its termination after it reassembles tomorrow is regarded as certain.

Sir Edward Carson, it is understood, stands out for the complete exclusion of six counties in Ulster from the operation of the home rule bill, including Fermanagh and Tyrone, while John Redmond declines to assent to go beyond the concessions Premier Asquith already has made in permitting county referendums and unless some way out of the difficulty is discovered at the eleventh hour it is believed Premier Asquith tomorrow will be obliged to announce the failure of the conference.

Angry Feeling Allayed. Premier Asquith's assurances to parliament today, in which he assumed full responsibility for the king's speech and declared no constitutional precedent had been contravened, allayed much of the angry feeling among the Liberals, or at least transferred it from the king to the premier himself.

Active negotiations are proceeding outside Buckingham palace between the party leaders. Premier Asquith had an interview tonight with Lord Lansdowne and Andrew Bonar Law, the opposition leaders, between two separate sittings of the cabinet, which it is presumed, is engaged in preparing proposals for submission to the adjourned meeting of the conference tomorrow.

All kinds of rumors are current, one that Winston Spencer Churchill, first lord of the admiralty, representing the minority in the cabinet, favoring the clean-cut exclusion of Ulster, threatened to resign, another that the king will make another dramatic move at the conference and that a speedy general election has become inevitable.

Confidence in Leader. John Redmond, the Nationalist leader, received tonight resolutions adopted at a conference at Omagh of Nationalist delegates from the counties of Derry, Tyrone and Fermanagh, affirming unabated confidence in the Irish leader and declaring that at the risk of their lives Ulster Nationalists would never consent to be separated from the Irish nation.

Regarding the king's speech the premier said: "The speech was sent to me in the ordinary way, by his majesty, the day before it was delivered and I take the entire responsibility for it."

The king left it to the discretion of the conference to determine whether or not his speech should be published and the conference decided unanimously in favor of its publication.

Followed Practice. His majesty throughout this matter has followed the strictest constitutional practice. He has not taken any step from the beginning until now except in consultation with and on the advice of his ministers."

Premier Asquith, on being questioned as to the calling of the conference, said with emphasis that all decisions were made unconditionally. He declined to discuss why it was being held in Buckingham palace instead of in the house of commons.

When asked whether there would be an opportunity for discussion of the subject in the house, Premier Asquith retorted: "Time will show."

PEACE OUTLOOK NOT SO BRIGHT

Mexico City, July 22.—That an armistice between the government and the constitutionalists was signed tonight and that the hostilities will be suspended at once throughout the republic was the statement given out tonight by General Eduardo Iturbide, governor of the federal district in the name of President Carranza.

Governor Iturbide added that the peace negotiations will be advanced upon a basis giving full guarantees to everybody.

Washington, July 22.—No official advice concerning the announcement from Mexico City that an armistice had been signed between federal and constitutionalists had reached Washington late tonight. Members of the revolutionary junta declared that so far as they knew there was no one in Mexico City to sign truce articles. They said they interpreted the statement that full guarantees of the republic would be given to everybody as meaning "everybody who deserved them."

Washington, July 22.—Peace in Mexico is far from secured and complications, both international and internal, are rapidly entangling the situation, administration officials diplomats and members of both Mexican factions here believe.

The United States government is exerting every diplomatic influence toward harmonizing discordant elements, but certain aspects are admittedly grave. Official reports reveal that the most threatening factor in the aloofness of General Villa from the authority of General Carranza. Another vexing point is that General Carranza, according to his agents here, is disinclined to grant an amnesty to political offenders and will insist on an unconditional surrender by the Carranza government.

Carranza's Firm. Unless Carranza is willing to give assurances that there will be no wholesale arrests, executions and confiscations of property when the constitutionalists enter Mexico City, provisional President Carranza will rally all the military elements at his disposal and resist to the end the constitutionalist advance.

The diplomatic representatives of Argentina, Brazil and Chile, who mediated in the international dispute between the United States and Mexico, have indicated through Secretary Bryan their belief that a peaceful transfer of authority could be accomplished with little difficulty if an amnesty were granted and proper guarantees given. The United States government, realizing this, is work-

Government Inspection is no Philanthropic Undertaking on Our Part

BECAUSE

From a financial standpoint, we are out thousands of dollars annually

Even though the Government pays the salaries of the three inspectors stationed at our plant, we must bear the financial loss of all condemnations. The condemnation of a beef at the present high prices means a loss of from \$60.00 to \$100.00. At all other places in Ogden such beefs are not condemned and if you buy non-inspected meats you are getting your share of diseased meats.

Further—Our expense for cleanliness and sanitation inside and outside our plant, amounts to hundreds of dollars per month, and we believe it is well spent. So will you if you visit our plant and then visit some of the local slaughter houses where dirt inside and mud and mire outside is a menace to public health.

BUT

FROM A HEALTH STANDPOINT; the public, through Government inspection is guaranteed meats that are sound, wholesome, clean and free from disease.

If you do not see the Government Inspection Stamp on the meat you buy, IT IS NOT GOVERNMENT INSPECTED.

If you ask your butcher, he will be glad to show you.
